From outside of our universe, outside of space and time, a powerful alien has transmitted an encoded and integrated message system to the inhabitants of planet earth. This message has been received by over 40 persons spanning a period of 3500 years. Amazingly...many people are aware of the messages received. And yet... they are in dispute of parts if not all of the message. Many also doubt whether such an alien and/or alien race really exists.

This book will explore these encoded messages.

About the Author

Michael (Mike) G. Bacon has been observing God’s festivals for 50 years. He teaches the building of commonalities and communities among believers. He furthers the message that believers will be known by their personal commitment of living a dedicated righteous lifestyle, by sharing the *agape* (love) we have for each other (John 13:35, Matt 25:34-45), by forgiving others, bearing the fruit of the Spirit, overcoming—not by being “divisive”—and that the “just shall live by faith.” He asks questions to encourage people to explore their modus operandi, test/prove all things and to further one’s responsibility to make a difference as a light and salt in overcoming—not a proselytizer.

His teachers in the faith have been numerous and they are respectfully acknowledged in the referenced sources. He does not always agree with his teachers and has learned to “eat the meat and throw away the bones.” No one can agree with everyone 100%. Perhaps that is a reason that we have 41,000 denominations in Christianity globally with about 1500 in the United States alone.

Mike has had a career as a city, county, and park planner and is a licensed landscape architect. He is the author of the free e-book *The Hebrew Roots Movement: An Awakening!* and *P.L.A.N.T.S.*[™]—a computer software program and a forthcoming accompanying plants handbook for landscape architects and plant nurseries.
